Our drop-off program provides:

- **Core academic classes** led by highly trained instructors who are experts in their field and focused on setting and maintaining the highest standards for students
- **Exceptional classroom experiences** that will meet each student at their level and push them beyond it
- **Small class size** with an emphasis on student engagement through socratic discussion and inquiry-based learning
- **Personalized education plans** to supplement and reinforce family and student objectives. Each student will be paired with a mentor-instructor that will work to help them set and achieve goals throughout the year
- **Opportunities to socialize** through student-led clubs, activities, and field trips

Enrollment Requirements:

- Admission is based on the student/parent interview and student application
- Minimum enrollment of 2 classes/semester is required
- Students must participate fully in class, complete required coursework, and maintain a high level of commitment to their studies
