

Mosaic Freeschool is seeking passionate, innovative educators to join our team for the 2025-2026 academic year. We are a hybrid school serving homeschooled students in Central NJ. Our program meets two days/week for 30 weeks throughout the academic year. We are seeking instructors that can work Mondays and/or Wednesdays.

- **Upper Elementary STEM Teacher** with demonstrated expertise in STEM curriculum development and instruction. Prior classroom teaching experience and Bachelors degree is required. Primary responsibility will be developing and teaching several semester-long (15 week) classes that emphasize inquiry-based, hands-on learning and quantitative thinking. Enthusiasm for working in a dynamic, multi-age, small-group environment is a must.
